

Hello AMHA Members !

Just a few notes regarding the Red Zone Framework ! CHANGE ROOMS - WILL NOT BE OPEN- this is a Public Health Directive and will be enforced by the Township.

Skaters should come dressed. Skates and helmets will be allowed to be put on at the bleachers. Spaces should be marked to maintain physical distancing. Goalies may put pads on at the bleachers.

Also a reminder of the Public Health Rule that **there is only 1 parent/guardian allowed as a spectator.** - **This means no siblings are allowed in the facility...** There has been time added between practices for families to get their children home or to a person in their social bubble to watch them before going to the next practice.

Please keep an eye on the Schedule as some practice times have changed since our Last Update.
